- C. The District will create a North Bend High School Diversity and Inclusion committee led by Jake Smith (so long as he is still employed by the District). The committee will be composed of an administrator, school staff members, and current and former students, which may include the Complainant at her discretion. The committee will take the following actions:
 - a. Schedule trainings and events for staff and students (e.g. participation in National Coming Out Day and Ally Week);
 - b. Create measurable goals for its work, including conducting climate surveys every two years;
 - c. Review how to integrate curriculum related to positive social change; and
 - d. Will issue an annual "diversity award."

¹ This agreement adopts the definition of "sexual orientation" provided in ORS Or. Rev. Stat. Ann. § 174.100 (defining sexual orientation as "actual or perceived heterosexuality, homosexuality, bisexuality or gender identity, regardless of whether the individual's gender identity, appearance, expression or behavior differs from that traditionally associated with the individual's sex at birth").

- D. The District will communicate to District employees that they may place "safe room" placards inside or outside of their classroom.
- E. The District will establish a safety team to support a student who reports substantiated harassment based on any protected class, including sex and sexual orientation.
- F. The District shall ensure that its sex education curriculum complies with Oregon State Standards.
- G. The District shall provide for opportunities for student involvement and input into the District's ongoing anti-harassment efforts in addition to participation in the Diversity and Inclusion committee, including the ability to select, at the beginning of each year, by majority vote of club members, the faculty advisor for the Gay Straight Alliance (GSA).
- H. The District shall take corrective action if school officials, while acting in their capacity as such, violate District harassment and/or discrimination policies by making negative statements about the sexual orientation of LGBTQ students.
- I. The District shall ensure that school officials, while acting in their capacity as such, do not promote their personal religious beliefs to students through proselytization, preaching, or other written or oral means. School officials shall not require, encourage, or solicit students to read the Bible or any other religious text absent a legitimate, non-religious educational objective and unless in conjunction with a curriculum that includes academic study of the religious text. Under no circumstances may school officials require or solicit students to read the Bible or any other religious text for purposes of discipline or to convey any religious or moral lesson.
- J. In lieu of money damages, the District shall make a donation in the amount of \$500 to the Q&A of Coos County.
- K. The District will take the following actions related to its Policies and Procedures:
 - a. The District shall retain an expert consultant ("Expert"), in consultation with the ACLU, in the area of sex and sexual orientation-based harassment to review the District's policies and procedures concerning harassment.
 - b. In consultation with the Expert, the District shall develop and implement a comprehensive plan for preventing and addressing teacher-on-student and student-on-student sexual orientation-based harassment at the high school.
 - c. The District shall work in consultation with the Expert and ODE to improve its system for maintaining records of investigations and responses to allegations of harassment. The District shall work with ODE to adopt best practices for record keeping and complaint resolution.

- d. The District will review and revise its policies and procedures ("Procedures"), in consultation with the Expert, with respect to responding to allegations of harassment on the basis of a protected class, including sex and sexual orientation. The Procedures will ensure that the District provides reasonable, timely, and effective action tailored to fully redress any specific problems identified by the District as a result of the harassment; and that the action is reasonably calculated to end the harassment, prevent recurrence and eliminate any hostile environment. At a minimum, the Procedures will include the following:
- i. A statement setting forth the District's commitment to having a school environment free from all discrimination, including harassment on the bases of sex and sexual orientation. Such statement must explain that the District prohibits sex and sexual orientation harassment in the school environment, including all academic, extra-curricular and school-sponsored activities. The statement will encourage students to immediately report incidents of harassment. The statement will also specify that the District will investigate formal and informal complaints of harassment.
 - ii. An annual written and verbal explanation to all students of how to report harassment and/or file a complaint (formally and informally).
 - iii. The name and/or title, mailing address, email address, and telephone number for the District employee(s) responsible (hereinafter "Designated Staff Member") for handling reports of sex and sexual orientation harassment. The Designated Staff Member shall be selected by the District in consultation with students, including the GSA. If there are substantiated complaints that the Designated Staff Member has not effectively handled his/her responsibilities, the District will select a new Designated Staff Member.
 - iv. A requirement that the Designated Staff Member document all reports of harassment, and a protocol for school and District-level recordkeeping of each of the reports submitted by the designated staff members. The harassed students should be provided an opportunity to review the complaint intake documentation of the harassment for accuracy prior to submission. If the Student disagrees with the complaint intake documentation, the Student may submit a request for review by the Expert or other staff member selected by the student. The Designated Staff Member and Expert or staff member shall work collaboratively to complete the complaint intake documentation.
 - v. An assurance that, upon notice of an allegation of harassment, the District will conduct a prompt, adequate, reliable and impartial investigation and if harassment is found to have occurred, the District will take prompt steps to stop, remedy and prevent recurrence of the

conduct, including appropriate discipline of the harassing students consistent with District discipline policies.

- e. Reporting Requirement: Within 60 days of retaining the Expert, the District will submit a draft of the Procedures revised in accordance with Section 3.K.d to the ACLU and the Oregon Department of Education (ODE) for review and approval. If ODE requires revisions to the Procedures, the District will re-submit the Procedures to ODE for review and approval within 30 days of receiving notice of the revisions required by ODE. - L. The District will take the following actions related to Training of Administrators, Teachers, and Staff:
